February 22, 2005

To: City Managers and County Administrative Officers

From: Karen Stoll, Executive Director (A)
Board of Corrections

Subject: 2005 Juvenile Accountability Block Grant (JABG) Funding

The Board of Corrections (BOC) has received notice from the federal Office of Juvenile Justice and Delinquency Prevention (OJJDP) regarding fiscal year 2005 JABG funding awarded by congress for California. There are significant decreases in the available funding that will impact programs you are currently funding from JABG.

The three significant changes enacted are:

- Administrative rates have been reduced from 10 percent to 5 percent
- The minimum threshold for units of local government to receive direct funding has increased from \$5,000 to \$10,000.
- The funding allocation for California was reduced from \$14,383,400 to \$4,761,400.

Enclosed with this letter is a funding chart that identifies the agencies that are eligible to receive a direct funding allocation. If your local unit of government does not meet the \$10,000 threshold, it will not appear on the chart. For those who do meet the threshold, you will be notified when the Request for Application is available including the timeline to prepare your documents. The funding cycle for this program is a 12-month period beginning July 1, 2005 and ending June 30, 2006.

As in previous years, a qualifying unit of local government may waive its right to a direct subgrant award and request that the funds be awarded to, and expended for its benefit by, a larger or contiguous unit of local government.

Please pass the information contained in this letter to the following departments or agencies within your jurisdiction: Police, Sheriff, Probation, and Offices of the District Attorney and Public Defender.

If you have any questions regarding this funding notice, please contact the BOC Field Representative assigned to your county (http://www.bdcorr.ca.gov/cppd/program_staff_assignments.htm).

Localities Receiving Funding For Fiscal Year 2005/2006

LOCALITY	TOTAL		LOCALITY	TOTAL
